

GCS is the leading provider in military working dog kenneling systems and equipment. Our deployable kennels are the standard for the Department of Defense Military Working Dog Programs, and are used around the world to combat the global war on terror. GCS offers several kennel options. Please call one of our knowledgeable sales representatives to discuss your individual requirements.

**MILITARY WORKING
DOG KENNELS**

SOF Kennels currently deployed in the field.

PORTABLE MWD KENNEL with RUN

The Portable MWD Container with Kennel Run includes the Portable MWD container and an attachable kennel run. The kennel run has a lockable dog door and includes a heating and cooling system. The kennel run is made of solid high density polyester sides with aluminum framing. Both the kennel and the run include interlocking pet-decking with a non-skid surface. All required assembly hardware is constructed of stainless steel and is included with the kennel

*Please visit our website to view our **Top Dawg** line of MWD gear.*

The SOF Kennel and Enclosure System is the leader in deployable kennel systems. The SOF Kennel is equipped with a cooling and heating unit with an in-line fan system. The kennel has a securely lockable sealed food compartment, top rack with “D” ring tie down attachments and a large storage rack on the roof. The enclosure system facilitates an exercise area for the MWD and comes equipped with interlocking non-skid pet decking. The enclosure is covered with a weather tarp.

SOF KENNEL with KENNEL ENCLOSURE

COLLAPSIBLE KENNEL

When portability and maneuverability are required the collapsible K-9 container is ideal. This container is specifically designed to have a small footprint when collapsed. It's quick setup and small size make it a great kennel for use in the field.
