BERRY COMPLIANT AND BACKED BY A 1-YEAR WARRANTY AGAINST  
DEFECTS IN MANUFACTURING AND WORKMANSHIP**

## GCS Grenadier Kit

GCS Grenadier Kit consists of six (6) triple 40mm round pouches. This kit is designed to attach to H-Gear harness. This is typically issued to M-203 Grenadiers as part of the Air Force Security Forces Defensor Fortis Load Carriage System (DF-LCS). The unique design of the grenadier pouch is the levels of retention used to make the rounds accessible yet properly secured in the pouches. The first flap is held in place with two (2) plastic snap mechanisms. After the first flap is opened there are three (3) individual pouches each one secured with its own snap closure. This design allows the grenadier access to one (1) round at a time and keeps additional rounds in place if the grenadier must maneuver between rounds.

### Characteristics

1000 Denier Cordura in AF Digital Tiger Stripe Pattern  
Treated for Near Infrared spectral Reflectance (NIR)  
Foliage 504 coloring used throughout  
Fully functional with MOPP gloves  
Grommets for drainage  
Two (2) levels of round protection  
Pouches use plastic snaps on first flap  
Metal snaps on secondary flaps to ensure retention  
Each pouch holds three (3) 40mm rounds  
Individual access to each round

### Specifications

Materials & Parts meet the following specifications:

AFDTS Material (MIL-C-43734 Class III)  
Webbing (A-A-55301, MIL-W-17337 Cls 2)  
Binding (MIL-PRF-5038)  
Eyelets/Snaps (MS-27980-1B)
