GCS Multi-Mission Pack Kit

GCS Multi-Mission Pack (MMP) Kit consists of a MMP backpack and two (2) each Sustainment pouches and utility pouches. The MMP kit is a medium sized backpack which features a rigid spine plate for protection and comfort, a removable padded waist belt and padded adjustable shoulder straps. The outside of the MMP is covered with PALS webbing as well as several cinch straps so you can tighten down the equipment load. The MMP also has top ports for an antenna or hydration tube and there is a drag strap on top of the pack. There are three (3) external zippered compartments and two (2) slide pockets for storage. Inside the MMP there are two (2) side slide pouches, a hydration pouch and one (1) additional pouch with webbing located on the main flap.
