## GCS Padded Equipment Belt

GCS Padded Equipment belt is designed to be used as a sleeve over standard 2" duty belt and help displace the weight of the standard issue equipment and allow a more comfortable fit for the users. The padded equipment belt comes in four (4) different sizes, small (27.5"), medium (32.5"), large (38.5") and extra large (43.5"). The padded equipment belt has a tapered appearance across the top and it is straight across the bottom. The outside of the padded belt has three (3) rows of webbing allowing the user the ability to add pouches as required and the inside surface is lined with a padded mesh material for added comfort. The GCS design of the padded equipment belt has two (2) openings (one on each side of the belt) that are approximately 5" long that allow the user to mount a drop leg holster to an internal duty belt.

### Specifications

Materials & Parts meet the following specifications:

AFDTS Material (MIL-C-43734 Class III)

Webbing (A-A-55301, MIL-W-17337 Cls 2)

Binding (MIL-PRF-5038)

Eyelets/Snaps (MS-27980-1B)

### Characteristics

Treated for Near Infrared spectral Reflectance (NIR)  
1000 Denier Cordura in AF Digital Tiger Stripe Pattern  
Foliage 504 coloring used throughout  
Three (3) rows of webbing  
Two (2) side cut-outs  
Add drop leg accessory to duty belt  
Functional while using MOPP gloves  
Padded for comfort  
Four (4) different sizes  
Small 27.5"x5.5"x3.5"  
Medium 32.5"x5.5"x3.5"  
Large 38.5"x5.5"x3.5"  
X-Large 43.5"x5.5"x3.5"  
Opening fits a 2" wide duty belt
