

How to attach the Utility Pouch to the Multi-Mission Pack

Step 1: Unclip the buckle located on top of the MMP near the carrying handle. Attach the Utility Pouch female buckle to male buckle on the pack.

Make sure the zipper is facing out.

Step 2: Un-snap upper and lower buckles on the side of the pack.

Step 3: Weave male end of buckle through the 1" piece of webbing located on the front side of the pouch. Snap the buckle together in its original location. Repeat for the bottom buckle.

Tighten as necessary.

Completed pack with utility pouch.
